ЧТО ЭТО БЛЕСТИТ?

This panel shows two young men in a dark forest at night. The man on the left, with brown hair and a yellow hoodie, is pointing towards a glowing, crystalline structure on the ground. The man on the right, with dark hair and glasses, is looking at the same structure with a serious expression. The structure is made of thin, dark lines forming a geometric shape, with bright yellow light emanating from its center and reflecting off its facets.
